

## **SGAC PRESS INVITATION**

17th Space Generation Conference prior to the 69th International Astronautical Congress 27th - 29th of September 2018 at the Uni Bremen, Germany

On behalf of the Space Generation Advisory Council, we would like to invite you to the 17th Space Generation Congress taking place from the 27th to the 29th of September 2018 in Bremen, Germany.

The Space Generation Congress (SGC) is the annual meeting of the Space Generation Advisory Council (SGAC), held in conjunction with the International Astronautical Congress. Participants are top university students and young professionals with a passion for space who are selected from our Space Generation international network.

During SGC, leaders from the Space Industry as well as Space Agencies will give informative and inspirational talks to the 150 selected delegates. The delegates will travel from around the globe to attend the three-day event. Attendees from over forty countries will enjoy an inspiring and resourceful engagement with their peers during the Congress at the University of Bremen prior to the 69th International Astronautical Congress (IAC).

We would also invite you to join and cover the Professional Development Day and the Space Exploration Workshop, both happening concurrently on the 30th of September 2018 in Bremen.

We kindly invite you to join us to cover all of these events!

Please find attached all relevant documents with regards to the different events, including a schedule and a list of our invited speakers for your reference.

Yours Sincerely,

Ian Benecken  
Sathesh Raj  
SGC 2018 Media Team

SPACE GENERATION  
ADVISORY COUNCIL

Registration:

If you wish to attend this conference (or parts of it) we expect your RSVP **Monday 24th of September 2018** at [communications@spacegeneration.org](mailto:communications@spacegeneration.org)
