4. Contact Information

SPACE GENERATION
ADVISORY COUNCIL

SGAC's Origins

SGAC is a global non-governmental, non-profit organization and network which aims to represent university students and young space professionals ages 18-35 to the United Nations, space agencies, industry, and academia.

Conceived at the Third United Nations Conference on the Exploration and Peaceful Uses of Outer Space (UNISPACE III) in Vienna in 1999.

SPACE GENERATION
ADVISORY COUNCIL

*To create, within the framework of the Committee on the Peaceful Uses of Outer Space, a consultative mechanism to **facilitate the continued participation of young people from all over the world**, especially young people from developing countries and young women, in cooperative space-related activities...*

SGAC Purpose

- Create a global volunteer base of university students and young professionals in the space sector who have a passion for making a difference in the space sector and a commitment to action.
- Connect them to peers and top space professionals from various organizations.
- Give the next generation of space sector leadership opportunities and a voice in global space policy.

SPACE GENERATION
ADVISORY COUNCIL

5TH
AFRICAN
SPACE
GENERATION
WORKSHOP
SOUTH AFRICA
2021

SPACE GENERATION
ADVISORY COUNCIL

5th AF-SGW African Regional Workshop

SPACE GENERATION
ADVISORY COUNCIL

- The 5th AF-SGW will bring together **100+ students and young professionals** from across the African region and internationally to discuss Space Related topics.
- The **2 day workshop** will be held as a hybrid event, with the onsite venue being hosted in Stellenbosch, South Africa.
- The Workshop will be organized into **several working groups** focused on regional issues that can be solved through space applications.
- A summary of the workshop, as relating to the recommendations/ and findings, will be **shared with the United Nations** and partners.

Sponsorship Opportunities

SPACE GENERATION
ADVISORY COUNCIL

Benefits of the Workshop

- The Workshop will engage regional and international entities to find areas for collaboration.
- The Workshop will have multiple subject matter experts for the different verticals of the space sector focusing on the benefits of space based technology for the general populace.
- Engagement of regional participants will support a larger discussion on how to support the needs of the region.
- Student and young professional involvement will generate academic and professional networking with a larger discussion on regional support.
